

Student Name:

Date:

Your task is to work individually or with a partner(s) to research and present on your topic of choice. For instance, you may choose to prepare a presentation about the process of production of cheese or have a closer look at what nutrition eggs provide in our diet, or answer the question: is milk really good for us?

In a short PPT presentation (5 slides) you are to ensure you do the following:

Define your topic (Ask a question that you will be responding to)

Provide details and examples

Provide a recipe

Category	Level Four (80–100%)	Level Three (70–79%)	Level Two (60–69%)	Level One (50–59%)
Knowledge/ Understanding X2	The content of the presentation demonstrates a high degree of knowledge of facts and terms.	The content of the presentation demonstrates a considerable degree of knowledge of facts and terms.	The content of the presentation demonstrates some degree of knowledge of facts and terms.	The content of the presentation demonstrates a limited degree of knowledge of facts and terms.
Communication	The format communicates the ideas with a high degree of effectiveness (organized, free of errors, thoroughly integrates creative ideas)	The format communicates the ideas with a considerable degree of effectiveness (organized, mostly free of errors, considerably integrates creative ideas)	The format communicates the ideas with some degree of effectiveness (somewhat organized, free of errors, integrates creative ideas)	The format communicates the ideas with limited degree of effectiveness (limited: organization, free from errors, integration of creative ideas)
Application	The presentation of the POP quest makes clear connections to the assigned topic	The presentation of the POP quest makes connections to the assigned topic	The presentation of the POP quest makes some connections to the assigned topic	The presentation of the POP quest makes vague connections to the assigned topic
Effort	Takes full advantage of allotted time to produce a quality product worthy of sharing with others	Takes advantage of allotted time to produce a product to share with others	Takes limited advantage of time to produce a product to share with others	Produces a product to share
